Dear Mr. Chairman:

This letter responds to a request from your staff on your behalf seeking information on the total dollar amount of award fees given to KBR under the RIO and LOGCAP-III contracts to date.

The Army Sustainment Command reports that the total award fee earned from 2001 to date by KBR on the LOGCAP-III contract is \$364,132,726.00. According to the U.S. Army Corps of Engineers, the total award fees for the Restore Iraqi Oil (RIO) contract was \$56,515,608.

I trust that this information is helpful. Thank you for your continued support of our Soldiers and Army.

Sincerely,

Bernard P. Ingold  
Deputy Chief Legislative Counsel  
Investigations and Legislative Division
